### No. CE 571185

Product Details	
Product name:	3M™ 6000 Series of Half Masks.
Models:	3M™ 6100 (small size standard industrial product)
	3M™ 6200 (medium size standard industrial product) and 3M™ 06962 (medium size Automotive Aftercare Division version)
	3M™ 6300 (large size standard industrial product) and 3M™ 06963 (large size Automotive Aftercare Division version).
Product type:	Half Mask.
Technical Specification:	Harmonized European Standard EN 140:1998.
EN 140 classification:	Half masks for use with twin filters.

The product assessments were based on BS EN 140:1999, the English language version of EN 140:1998, respiratory protective devices – half masks and quarter masks.

The masks are designed for use in conjunction with a 3M specified pair of the same type of 3M Particulate Filters and, where applicable, their associated Filter Retention and/or 3M Gas and Vapour Filters. The Filters are the subject of separate EC Certificates.

#### Packaged variants

In addition to the products referenced on this Certificate, the standard industrial products may also be sold as market specific packaged variants. Such variants will be differentiated and the Technical File will be updated with the appropriate information.

#### Kits and packouts

The products referenced on this Certificate may also be combined with other 3M products into a kit or packout. There will be no change to the product but the user information may vary. In such instances the Technical File will be updated with the appropriate information.
