## PLASTERBOARD PLUG

| ZA zamak | N nylon | Cl Br Halogen Free |

TYPE GKP

SUITABLE FOR

DESCRIPTION

- Plasterboard plug for use with wood screws.

ADVANTAGES

- The fastest fixing for plasterboard: selfdrilling plug, no setting tool needed.
- Self-tapping thread ensures optimal anchorage.
- Non-conductive plastic material.
- The metal version is heat resistant.

APPLICATIONS

- For the fixing of picture frames, cup-boards, skirting boards, alarm units, ...

FUNCTIONING

- Pre-positioned installation.
- The fixing is screwed straight into the plasterboard..
- The fixing is especially made for plasterboard. Not suitable for fibreboard and tiled plasterboard.
